

Crown Pet Foods

KNOWLEDGE & RESPECT

Environmental Policy Statement

Commitment

Crown Pet Foods Ltd manufactures pet food at its Castle Cary site, and recognises that there are environmental impacts associated with the manufacture and packaging of pet food and the transport of raw materials and finished products. We are committed to achieving the highest standards of environmental performance and recognise our responsibility as a manufacturer and neighbour to minimise any impact and operate in an environmentally responsible manner.

We will comply with all relevant environmental legislation as a minimum level of performance, but additionally, we will review environmental requirements from our industry sector and key stakeholders to incorporate best practice to reduce our impact on the environment. To achieve this we will invest in education and training for all company associates in environmental issues and the environmental effects of our activities. The senior management team will monitor progress and regularly review environmental performance to ensure it continuously improves, in accordance with the site environmental management system.

Scope

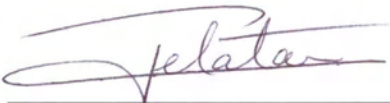

This statement applies to the premises and activities, including contractors and suppliers, of Crown Pet Foods Ltd, Blackworthy Road, Castle Cary, Somerset. We will develop, implement and continuously review an environmental management system, consistent with local operating conditions and legislation.

Statement Principles

Crown Pet Foods Ltd will, so far as is reasonably practicable:

- Ensure environmental risks are properly identified, prioritised and managed in a timely way;
- Establish sound environmental management policies and promote best practice;
- Set environmental objectives and targets to drive continuous improvement, and review these at appropriate intervals;
- Manage all operations in ways that are environmentally sustainable and economically feasible, by making efficient and environmentally responsible use of energy and water and exploiting all opportunities to minimise waste;
- Prevent pollution and minimise environmental impact;
- Minimise waste production by reducing consumption and develop effective waste management and recycling procedures;
- Collaborate with key suppliers to promote sustainable procurement of goods and services;
- Actively monitor results and audit policies and practices to ensure policy goals are met;
- Raise and maintain environmental awareness amongst all associates and contractors through communication and training. To encourage individual and team participation;
- To communicate openly within Crown Pet Foods, and all other relevant stakeholders recognition of our legitimate interest in our environmental performance;
- To ensure all associates conform to our environmental policy.
